**Aurora Suya Rhys Kaymin**

**The Captive Princess**

Age: ???

Nobility/Curiosity: ☆☆☆☆☆☆☆☆

The Princess of the Human  
Confederation of Kaymin.

She was suddenly taken hostage by  
the Demon King who appeared from  
the depths of the Earth, and the  
country was engulfed in sadness.

She specializes in brushing.

Her favourite food is the "King's  
Chocolate Marshmallows".

Past Worry:  
"Being preoccupied"

Current Worry:  
"The quality of the bedding  
in Demon King Castle".

## Forehead Devils

Fluffiness: ☆☆☆☆☆☆☆☆☆

Emotional Strength: ☆☆

Low-class demons of the Demon Family.

Fluffy Bear-sams who are loved, albeit as pets. Weak to temptation and prone to change of heart. Plenty dwell in Demon King Castle, and everyone's a huge fan of brushing because of the Princess. Good cotton can be harvested from them. During battle, they tend to run or call a ton of their comrades, so be careful.

Occasionally calls for the Princess as their comrade

Past Worry: [..... ?]

Current Worry: [..... ? ?]

# Ghost Furoshiki

Perfectly  
intact.

Cloth Quality : ☆☆☆☆☆☆☆

Fortune : ☆☆☆

A demon of the Tsukumo Clan.

The ghost of a cloth that was never used because it put on airs for being made of superbly magnificent material.

Covered with a beautiful aura, comfortable, and silky. It also captivated the Princess for being durable (during ordinary use).

Its head and arms are useless for the Princess, so there's a constant cycle of getting killed and then seeking revenge.

It fights using constriction.

Past Worry:  
"Having a weak presence"

Current Worry:  
"The Princess"

T1. Note: This is a male guy in the story often says "Anra-san" in Japanese, which is a fancy version of "Anra" or "Oh my-" in English. I've always translated it as "Oh my-" but for understanding here, I kept it as "Anra-" this time.

# Demon Monk

His demon ears are a black goat's

SAN Level : — — —

Hardships : ☆☆☆☆☆☆☆☆

From the Demon Family.

He looks like a gentle young man, but he's the demon responsible for the "Demon Church" area inside Demon King Castle. Since he worships an evil god, he's busy with the Mass of Darkness during Christmas time. The deceased in Demon King Castle are generally resurrected by him with magic.

The Princess likes to take away his coffin equipment whenever she has the chance, so he wants her to give them back.

He's fundamentally a healer, but he uses necromancy when attacking.

Worry for the Last Several Hundred Years:  
"His injured waist"

Current Worry:  
"Seeing Princess suddenly show up inside coffins, everyday"

Heroism : ☆☆☆☆☆☆☆

Presence : ☆

The hero who took a stand in order to rescue the Princess. Human. Admires the Princess.

Deeply trusted by the Human Confederation of Kaymin and having all sorts of accomplishments, there should be no doubt that he met with the Princess before, but the Princess doesn't remember Akatsuki at all.

His favourite food is the "Kaymin-style Hamburger Patty".

Defense : ☆☆☆☆☆☆☆

Part of the Demonic Beasts Tribe.

Specializes in hand-to-hand combat and boasts defensiveness. If you pull out a needle from its back, you'll find out that for some reason, he's the gentle type with the roots being the sharper end.

Whenever he's disappointed, the idiots around him get involved, which may be why he has many friends.

He's the type that'll never turn down requests.

His favourite food is  
"Savory Exotic Bird Egg Custard".

Past Worry:

"The demons should be able to do more!"

## Red Syberian - 'Kai'

Impartiality : ☆☆☆☆☆☆☆☆☆☆

Fluffiness : ☆☆☆☆☆

Part of the Demonic Beasts Tribe.

Upholding order, he is the Demon King's faithful dog who demands an appearance for the Princess that's appropriate for being a hostage.

Serving the Demon King since long ago, he is accompanied by tons of other Red Syberians and he protects the public morals of Demon King Castle.

He's thick-headed and also a straight-faced guy who doesn't really have any hobbies or tastes.

The group who accompanies him holds a lot of fights for him, but on his own, his weapons are Savate, claws, and fangs.

Worry for the Last Several Hundred Years:

"The stupid humans aren't showing respect to Demon King-sama"

Current Worry:

"Wants to cut his hair but can't due to various reasons"

Apple (Red)

Green Apple (Green)

I'm a cool, strong, and handsome guy. That is, even if I'm to be killed... The fruit juices are sweet today too!

Apple Pear (Yellow)

Durability : ☆☆☆☆☆☆☆☆

Gourmet : ★★ ★

A demon of the Tsukumo Clan.

Became a humanoid shape through the fusion of a gaseous demon into a tire.

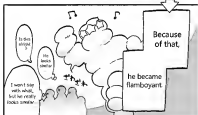

Sluggish and large, its HP and defense is relatively high. His body was hijacked by the Princess since it was hollow inside.

Afterwards, he was resurrected at the Demon Church...

But...

Since the Princess is using his body as armour,

the tire portion wasn't resurrected and only the gaseous demon was...

Originality : ☆

Salesmanship : ☆☆☆☆☆

The hosts of the human mail order show, "Humans ☆ Shopping".

They have long histories as actors, but they're co-starring together for the first time on this show and their synchronized talks are a huge hit!

Truth is, one other woman named "Deborah" was on the show as well, but she retired after getting married.

## Al Azif

Profoundness : Unmeasurable

Usefulness : ☆☆☆☆☆☆☆☆☆☆

The embodiment of dark wisdom that was recorded down by a human being, he is the spirit of the grimoire, Al Azif.

Compiled with tons of powerful sorceries, it was sealed away in the hands of the demons who feared it as the "Forbidden Grimoire".

He has a long history, but since he slept for an exceedingly long time, his mentality is still childish. He is considered an "existence meant to serve" human royalty.

## Demon King

Status: ☆☆☆☆☆☆☆☆☆☆

Youth: ☆☆☆☆☆☆☆☆☆☆

The boss of Demon King Castle, and the perpetrator behind the Princess' capture. He proclaims that he has obtained all the power necessary to set the demons apart from the humans, but what he's usually most concerned about is managing flags and balancing out fights.

The Princess was abducted while she was sleeping soundly (by a ton of minions), so they've practically never seen her awake, and they've practically never spoken to her either. It's particularly when the heroes go to check in on the circumstances that he ends up holding great conversations with them.

His way of fighting is covered in mysteries, but it seems his appearance changes when he shows his true power.

His favorite food is  
"Savory Roasted Bird Egg Custard".

## Kukororo Toraware

Recklessness : ☆☆☆☆☆☆☆

Friends : ☆

**Human:** She's a self-proclaimed proud female knight, but her actions and look are closer to a thief's or a robber's.

Born in a rural area far away from the royal capital where the Princess lived.

The language she uses is different, so not only is she unable to reach a mutual understanding with the Princess, even in the news she used to regularly watch, she only understood the voice of the live translator.

Her favourite food is  
"Savory Exotic Bird Egg Custard".

A sore loser and a bit stupid. Her way of fighting is to barely speak at all.

**Past Worry:**  
"I won't say what it is, but it's far"
